What is the state-of-the art of youth work in Cyprus, Estonia, Ireland, and Romania?

What is the situation of the young people?

Who are the youth professionals working in the 4 countries?

Which are their competencies?

Which methodologies do they use in youth work?

Which are the best practices in train-the-trainer programmes for youth professionals?

How common are blended learning curricula and e-learning environments?

Read the Research Summary which presents an overview of the structure of youth work in the four countries of the ARTSQUAD partners here: <http://artsquad.eu/resources/>

The research will contribute to the development of educational curricula and tools to introduce youth professionals to four creative disciplines:

1. Digital Media,
2. Storytelling,
3. Drama and
4. Music.

In the project website you can also find the Desk Research Reports per country.

The research findings were presented during a transnational project meeting organised by YSBF in September 8 & 9 in Tallinn, Estonia.
