ADD ME- Training Course in Cyprus

DISSEMINATION REPORT
ADD ME – ADOPTING DIGITAL MEDIA IN YOUTH WORK

Summary

Objectives
Youth people’s experiences are as informed by digital tools as they are by the physical reality of youth work. Young people are increasingly exposed to digital media, with the uptake of smartphones and the proliferation of social media platforms. In today’s youth work, it is essential to engage with young people on their preferred platforms and to integrate digital tools into the work.

The Coordinator aims to address these issues by facilitating the adoption of digital tools in youth work. Young people are encouraged to participate in digital projects and initiatives that promote active learning and critical thinking. They are provided with the necessary skills to use digital tools effectively and to develop their digital literacy.
