

Erasmus+ Project 2022-1-RO01-KA220-HED-000087012

„ START A CIVIL SOCIETY ORGANIZATION AT EUROPEAN LEVEL CSO ADMIN”

Initiator and coordinator: „Dunărea de Jos" University of Galati

About the project:

The main objective of the project is to improve European societies by supporting youth civil society organizations (CSOs) and providing training on CSO creation and management. To achieve this goal, the project has developed an online course (MOOC) on CSO creation and management and a collaborative mentoring platform. Through this platform, students and graduates will stay in touch with trainers to receive

information and training on general management issues, such as marketing, organizational management, operations, funding search, and plan development—covering all information of interest to CSO management. Dissemination events will be organized in each partnership country to inform, train, and promote the project and its results.
